IVAN X
Shares "[At Night](#)" And "[Thief](#)" Music Videos

Exile LP Out June 30
10 Songs In 10 Minutes, Pressed Onto A 7"

"The music of IVAN X reminds me of a time during the post punk era when I would scour the 7" singles trays in my local record shop to find the latest, DIY, independent gems. He also manages to pack a whole lot of emotion into his 1 minute masterpieces! Not an easy feat!" - **Martin Gore, Depeche Mode**

New York industrial mainstay **IVAN X** has shared videos for the tracks "**At Night**" and "**Thief**" ahead of his upcoming album *Exile*, due **Friday, June 30th**. The album transfers the breakneck energy of his live performances onto wax, **with 10 songs in 10 minutes**. The accompanying vinyl release is thus a full LP packed onto a single gatefold 7 inch, available for purchase **at [ivanx.com/merch](#)**. Both "**At Night**" and "**Thief**" display the hallmarks of classic industrial and goth music, with clicking drum machines, whirring synth leads, and rumbling bass. IVAN X,

however, molds these sounds against his idiosyncratic nature, building humor and pithy sloganeering into concise pop pastiches. "Thief," for all its cold metallic sounds, describes someone stealing a seat, before blasting into the abstract and questioning the very nature of ownership and property. At once retro and modern, with heaps of personality, *Exile* is a fully formed LP on modern city life, all tied into a bite sized package.
